REASONS FOR ALLOWANCE

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 04/12/04 has been entered.

The 450432 document cited on the IDS 01/29/04 has not been considered because it is not a prior art and it fails to comply with 37 CFR 1.98(a)(3) because it does not include a concise explanation of the relevance, as it is presently understood by the individual designated in 37 CFR 1.56(c) most knowledgeable about the content of the information, of each patent listed that is not in the English language. It has been placed in the application file, but the information referred to therein has not been considered.

The following is an examiner's statement of reasons for allowance:

None of the prior art of record discloses or suggests a projection display system having a polarization compensator with specific structure recited in e) in combination with the feature "the polarization compensator is located substantially coincident with where the angular distribution of the light is directly related to its physical location with the projection display system". Also, none of the prior art of record discloses or suggests a method having the combination of the steps recited in steps c) and d) in combination with the feature "the polarization compensator is located substantially

Art Unit: 2871

coincident with where the angular distribution of the light is directly related to its physical location with the projection display system".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Tai Duong at telephone number (571) 272-2291.

The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
